## ONE THOUSAND SLAIN

TEN TIMES THAT NUMBER SERIOUSLY WOUNDED DURING RIOTING IN RUSSIA.

## JEWS THE PRINCIPAL VICTIMS

INFURIATED MOBS KILL THEM AND LOOT THEIR STORES ON SLIGHT PRETEXT.

## SUMMARY OF THE SITUATION.

Dispatches from Russia are very meager owing to the disturbed condition of the country. The situation in St. Petersburg, where order is maintained by a show of armed force, remains critical, though improvement is shown in the resumption of operations by the electric lighting plants. Communication by rail with the frontier has not yet been re-established. From many of the interior cities come reports of conflicts in which the Jews appear to be the principal sufferers. In Kieff the loss of life and property has been very great. In Theodosia, Kostroma and Saratoff the disorders have been most serious. There is an unconfirmed report that Kishineff has been totally destroyed by fire.

A London newspaper's St. Petersburg correspondent estimates that in the leading fifty provincial towns of Russia 1,000 persons have been killed and 10,000 seriously wounded in the past twenty-four hours. The revolutionary movement in Finland is unchecked, the Finnish national guard opposing the advance of Russian troops and compelling them to retire.

## TO SLAUGHTER JEWS

PLOT SAID TO HAVE BEEN DISCOVERED IN THE RUSSIAN CAPITAL.

London, Nov. 4.—A dispatch to the Daily Mail from St. Petersburg timed 9 p. m. reports the discovery of a plot to massacre the Jews in that city. It is semi-officially calculated, says the correspondent, that at least 1,000 persons have been killed and 10,000 seriously wounded in the leading fifty provincial towns of Russia in the past twenty-four hours and the death roll is still mounting.

Guerrilla warfare is going on in the Caucasus, says the correspondent, and trains are held up at the stations, attacked and rifled. It is impossible to move troops into the mountain fastnesses and wealthy passengers are offering from \$5,000 to \$50,000 ransom to their captors.

## QUIET AT ST. PETERSBURG.

No Attempt at Holding Processions in That City.

St. Petersburg, Nov. 4.—All is quiet here. There is no attempt at holding processions and the Cossack patrols are everywhere. Shops have been barricaded and railway communication with the frontier has not yet been restored. The newspapers will appear during the day and the electric lighting plant here will again be put in operation.

During the day Count Witte and Prince Obolensky received leaders of the progressive constitutional party, including prominent members of the municipality.

Anti-Jewish disorders are reported from Theodosia, where a number of Jews and others were burned to death.

In a revolutionary outbreak in Krostoma many were killed or wounded. Rioting and anti-Jewish outrages occurred at Saratoff, where many shops were plundered. A bomb was thrown during the conflict between rioters and soldiers and several were killed or wounded.

A dispatch from Rostoff on Don gives the official figures of Wednesday's rioting as 34 killed and 159 severely injured.

The Grozny, Weden and Khassaff-kortovsky districts have been declared in a state of war and the inhabitants have been disarmed.

It is reported that Prince Obolensky, governor general of Finland, has arrived here to report to the emperor the situation in Finland.

## SITUATION IS SERIOUS.

Anti-Jewish Excesses in Russia Continue.

London, Nov. 4.—All Russian dispatches are still suffering considerable telegraphic delay. Apparently the text of the amnesty ukase has not yet been published. It is expected it will be soon, but possibly its publication may be postponed a few days. Many

correspondents in Odessa and elsewhere report danger and difficulty attending the dispatch of their reports and they are obliged to seek the aid protection of the military. All dispatches received here go to confirm the continued seriousness of the situation throughout Russia, especially the anti-Jewish excesses.

The Daily Mail's Odessa correspondent gives an unconfirmed report that Kishineff had been absolutely destroyed by fire. He says that the three suburbs of Odessa, Persessyp, Seaslav and Moldvandak, have been completely devastated.

The Kieff correspondent of the same paper says that the British consulate has been riddled with bullets. The situation there, however, he adds, is improving, but during the riots bands of rowdies stopped everybody in carriage or afoot and compelled all to prove they were not Jews before permitting them to go on. Ladies' dresses were torn open to discover if they were wearing crosses.

A dispatch to the Daily Telegraph from St. Petersburg states that Prince Alexis Obolensky has been appointed to replace M. Pobledonosteff as chief

procurator of the holy synod.

The Daily Telegraph's Odessa correspondent also reports Kishineff in flames.

## SITUATION AT KIEFF.

Jewish Quarter Given Over to Plunder, Rapine and Murder.

London, Nov. 4.—A dispatch to Reuter's Telegram company from Haparanda, Sweden, says that the military officers at Kotka, Viborg, Frederikshamn, Lovisa and Borga have pledged themselves to assist the civilians in defense of the fatherland. A company of Russian artillery which had advanced toward Helsingfors was forced to retreat without an engagement.

The Kieff correspondent of Reuter's Telegram company says:

"The Jewish quarter has been given over to plunder, rapine and murder ever since the emperor announced the granting of a constitution. On that day during a monster demonstration in front of the town hall a shot suddenly was heard. The Cossacks and dragoons immediately charged into the crowd, firing right and left, and the police and others dragged away the dead and wounded, numbering more than 130, into the neighboring court-

yards, while the terror-stricken demonstrators fled, pursued by a mob of ruffians, who attacked them as they ran.

"At 7 o'clock in the evening an organized attack on the Jewish quarter began on the pretext that during the week a portrait of the emperor had been insulted in the town hall. The lower quarter of the town, Podol, was sacked and although the authorities promised a Jewish deputation protection, the pillage lasted all night long. Warehouses were looted and people robbed; incendiarism was indulged in and many were killed. Later Acting Governor Karass again promised prominent Jewish merchants that strong measures would be immediately taken for their protection, but the pillage assumed colossal proportions and the police and military stood absolutely impassive, only firing upon persons who defended themselves against looters and on houses where Jews had fled on their assailants. While almost all the Jewish houses were laid in ruins, Christian establishments were untouched.

"Thousands of families have been ruined and the Theater of Anatomy is filled with corpses."

## RAILWAY STATION BURNED.

Collisions Between Armed Forces Occur at Odessa.

London, Nov. 4.—A special dispatch to the Standard from Odessa says:

"Three railway stations have been burned between Odessa and Shmerinka and the postal service has been suspended. Collisions between armed forces continued until late at night in three districts. The day's casualties are believed to have numbered about 500. Among the incidents I witnessed was the following: A student and a girl were driving in a drosky, the girl wearing a red cross armband. Six Cossacks were quietly passing when suddenly the girl fired, wounding one of them in the leg. The Cossacks replied, shooting the student dead. The girl attempted to flee, but was shot and as she fell it could be seen that the feminine dress masked a student."

## TO THE STATE TREASURER.

Three Bonding Companies Make Large Payments.

Pittsburg, Nov. 4.—Payment was made during the day, to State Treas-

urer W. L. Matheus by the Equitable Trust company, the Mercantile Trust company, both of this city, and the United States Fidelity and Guaranty company of Baltimore of the proportionate share agreed upon by them of the bond to the commonwealth of Pennsylvania of the Enterprise National bank of Allegheny as a state depository. These sums total \$378,000. The total bond as state depository amounts to \$3,400,000, of which \$900,000 was in surety bonds of the three companies and \$2,500,000 in individual bonds of the directors. The total state deposit was \$1,032,000.

The payment is not a forced one and was made by the surety bondsmen merely to establish their good faith.

## Poisoned Candy Case.

Lawrence, Kan., Nov. 4.—S. W. Sangster, salesman for a candy company in Chicago, was arrested here at the request of the Chicago police department on the charge of sending a box of candy containing arsenic to his wife in Chicago. Sangster admitted sending the box of candy, but denied that it contained poison.

THE Minneapolis saloon men do not relish the order of Mayor Jones which closes their places of business up tight on Sunday, and they are advancing numerous ideas to the effect that it is an injury to the city especially as it will divert from \$5,000 to \$10,000 that should be spent at home every Sunday to St. Paul's liquor resorts. They aver that if the lid is kept on tight they will start a movement towards closing mills, factories, street cars and all lines of business that transact a Sunday.

## COURT'S RULING IS IMPORTANT

According to Opinion of Supreme Court Hides May be Shipped Out of State

## IT CONFLICTS WITH PRACTICE

Of the State Game and Fish Commission in the Past in Cases Of This Kind

Attorney C. A. Allbright has won a signal victory in a case which has attracted considerable attention, entitled C. A. Allbright as executor of the estate of L. E. Warren vs. the Northern Pacific Express company, for by a decision of the supreme court handed down Friday deer and moose skins, purchased in good faith from persons who have taken them from animals legally killed, may be lawfully shipped out of the state for tanning purposes.

The supreme court, in its decision Friday, holds and further denies the right of the game and fish commission to confiscate such hides so shipped. The court in its findings, which are written by Justice Elliott, says:

"On the authority of Linden vs. McCormick, 90 Minn. 337, held that a person who in good faith lawfully purchases deer and moose skins, taken from animals lawfully killed, for the purpose being tanned and returned to the shipper for use in manufacturing gloves and mittens. Order affirmed."

The case on which the decision is based came from this county, where C. A. Allbright, as executor of the estate of L. E. Warren deceased, shipped seventy deer and moose hides to New York to be tanned.

This was during the closed season, but despite his statement and proof that they were from animals killed during the open season, they were confiscated by the state, they being taken while in

EIGHTH—Handsomely nickel-plated foot rails, urn and nickel panel, knobs, screw register, and nickel swing top.

NINTH—Has cast-iron front, fitted with a circular 12 inch door for feeding.

### TWENTY-FIFTH ANNIVERSARY

Mr. and Mrs. R. P. Nelson Given a Pleasant Surprise on the Event of Wedding Anniversary

Last night the members of the Danish Brotherhood and their wives and sweethearts stormed the home of Mr. and Mrs. R. P. Nelson, Eight street south and the home was the scene of a gay and festive throng until a late hour. The cause of this surprise was the twenty-fifth anniversary of the marriage of Mr. and Mrs. Nelson. They have lived in Brainerd nearly all of this time and they have friends by the legion who extend congratulations.

The evening was spent in playing card and games and a very sumptuous supper was served. The happy couple were the recipients of many very costly and beautiful presents. All report a most enjoyable time.

## MUSIC AND DRAMA

### MISS THURSTON TONIGHT.

Miss Adelaide Thurston the dainty little actress will be at the Brainerd opera house tonight. The scene of this comedy in a cathedral town and into the midst of the staid and ecclesiastical society which holds it court there, have transplanted an American girl from the lands of the great west. The beauty of the place, its quietness and the historical traditions that surround it make a great impression on her for it is the birth place of her ancestors, and the feelings of heredity are strong within her, but the narrow-minded and conventional views that are held by many of the residents are absolutely repugnant. She is thoroughly natural and used to a life of freedom, and is forever coming in sharp contact with the laws of conservative etiquette which govern those with whom she is now associating. The character is one which should suit Miss Thurston like the proverbial glove and the quaint character sketches in which the play abounds make it original and captivating.

Certainly no attraction has come this season with more flattering recommendations than "The Triumph of Betty." The praise of admiring critics can be best believed by those who have made Miss Thurston's acquaintance in other seasons in "Sweet Clover," "At Cozy Corners" and "Polly Primrose." According to all accounts Miss Thurston's company is the best that has ever supported the little actress and the production will be complete in every detail. Prices \$1, 75, 50 and 25c.

### "THAT LITTLE SWEDIE."

It is a pleasure to be able to chronicle the success of a play when such success is gained by legitimate methods. Such a play is "That Little Swede." That it has achieved a success and that meets with hearty endorsement of the public is a known fact. The story sparkles with a peculiar wit and happy invention. The humorous situations are crowded up on each other with a profusion, yet are never allowed to break the steady development of the story to its well defined conclusion. The character types are of a refreshing originality and there is a picturesque interest to the entire production that is decidedly original and unique. At the Brainerd opera house Tuesday, Nov. 7.

### "THE HOLY CITY."

Announcement of the coming of "The Holy City" interests all classes of theatre goers. The great Biblical drama, its production, the acting company, the music and spectacle with which the play abounds, furnish dramatic satisfaction and scenic pleasure so that the performances are featured in all columns containing theatrical news. Seldom has a play been so noticed, because seldom has one play so many distinguished points. In the thrilling story of the Apostle John the studios will find occasions for much following thought; those who are more gratified by brilliant dressing and wonderful stage effects, will be held by lavish preparation and perfect execution. None need fear that this Biblical drama is not for them, there is not a moment during the play's duration that superior stagecraft is not in evidence, or that accomplished acting may be seen. The second season of "The Holy City" is greater than its first. At the Brainerd opera house Thursday, Nov. 9.

## KILLS TWO CHILDREN

UNKNOWN MAN ATTEMPTS TO MURDER FIVE PERSONS IN MINNEAPOLIS.

## SLAYER MAKES HIS ESCAPE

MOTHER AND HER OTHER TWO CHILDREN MAY DIE AS RESULT OF WOUNDS.

Minneapolis, Nov. 4.—An unidentified man entered the house of James Brennan, 500 Knox avenue north, at 2:45 a. m. He shot and killed two of the children and shot and seriously wounded two other children and Mrs. Brennan. The wounded were taken to the city hospital at 2:45. Their assailant escaped.

Mr. Brennan is a member of the salvage corps, and was on duty at the time of the shooting. He was summoned to his home and arrived shortly before the wounded were removed to the hospital. The mother and two injured children were in such serious condition that the police were unable to get any details concerning the murder or the murderer.

### SAVES THREE CHILDREN.

Minnesota Boy Proves a Hero During a Fire.

Duluth, Nov. 4.—Three children of Treasurer Fred Jackson of Cook county owe their lives to the heroic bravery of their ten-year-old brother Archibald, who, when fire enveloped the Jackson home at Grand Marais, carried the younger children out of the flaming structure to safety at great peril to his own life.

Mr. and Mrs. Jackson had gone to a party, having their four children prepared for bed. Archibald, aged ten years, is the eldest child, and the youngest is a baby about a year old. Archibald was awakened by smoke and the cries of the baby about midnight. All of the children had been long asleep. He discovered that the house was in flames. It devolved upon him to try to save the other three children, and he braved the heat and smoke until he had carried them one by one to safety. When neighbors came running up, just as he had carried out the last of the three children, the lad was found to have been almost overcome by the heat and smoke.

### BLANKENBURG DISCHARGED.

Philadelphia Exonerated of Charge of Criminal Libel.

Philadelphia, Nov. 4.—Rudolph Blankenburg, nominee for city commissioner on the reform ticket in this city, who was given a hearing Thursday on the charge of criminal libel preferred by Felix Isman, real estate broker, was discharged from custody during the day by Magistrate Eisenbrown. In deciding the case the magistrate said that the statements complained of were made orally by Mr. Blankenburg and not written or printed by him; therefore, under the law on which the charges were brought, the defendant's statements did not constitute a libel.

The case was one of the features of the closing hours of the great political campaign in progress in this city and attracted much attention. The suit grew out of a speech made by Mr. Blankenburg in which he said that the Mint Realty company, of which Mr. Isman is the head, did not pay any taxes on the site of the old United States mint, which the company purchased for \$2,000,000, and that the exemption of the taxes was due to political influence.

### ENGINE BLOWN TO ATOMS.

Seven Cars Ditched and Two Men Killed and One Hurt.

Ennis, Tex., Nov. 4.—While running under full head of steam Freight Engine No. 416, northbound on the Houston and Texas Central railway, was blown to atoms by the explosion of the boiler at 5:30 p. m., three miles south of Ennis.

Practically the entire train was derailed, seven of the cars were ditched and four of them totally destroyed. Two men were killed and one probably fatally injured. The dead are:

Engineer D. Davenport and Brake-man C. M. Glenn, both of Ennis.

## REFUSE TO TESTIFY.

Two Private Car Line Officials Will Not Answer Questions.

Washington, Nov. 4.—President Robbins of the Armour car lines and Traffic Manager Sproule of the Southern Pacific company declined to answer questions put to them by the interstate commerce commission in the private car line inquiry during the day, both acting under instructions of their counsel. The examination of Mr. Robbins was intended to show that the Armour car lines, through Armour & Co. or other concerns controlled by the same interests, is engaged in business other than that of leasing cars to railroads and refrigerating perishable shipments. Mr. Sproule was examined regarding an alleged "pooling contract" between the Southern Pacific and the Southern California railroads. When the information was denied to the commission it was announced that the hearings would be adjourned indefinitely. No action was taken regarding the declinations.

## TWAIN GETS INTO POLITICS.

Noted Humorist Tells How He Would Like to Vote.

New York, Nov. 4.—"Municipal housekeeping without regard to party politics" was the theme of the independent citizens' mass meeting held at Cooper Union at night at which Horace White presided. Former Mayor Seth Low sent a letter earnestly advocating the election of Mr. Ivins.

The following telegram was received from Samuel Clemens (Mark Twain): "I believe in Ivins and Jerome and hope to be allowed to vote my whole strength for them; that is to say, once as Clemens and twice as Twain."

Addresses were made by Mr. Ivins, Mr. Lyman Abbott, General Stewart L. Woodford, Arthur von Briesen and Horace E. Deeming.

## WITH GREAT ECLAT

PRINCE LOUIS OF BATTENBERG

RECEIVED BY PRESIDENT

ROOSEVELT.

Washington, Nov. 4.—With great eclat Rear Admiral Prince Louis of Battenberg was received by the president and Mrs. Roosevelt at 3 o'clock p. m. The prince was the bearer of a personal message of good will from King Edward to President Roosevelt and was presented to the president by Sir Henry Mortimer Durand, the British ambassador. The presentation was made the occasion for a brilliant reception. At night the British ambassador and Lady Durand gave a state dinner to their distinguished house guest, followed by a large reception and ball.

Not since Prince Henry of Prussia was a guest of the German embassy at Washington has a royal visitor been the recipient of greater honors than those with which Britain's admiral prince has been welcomed to the national capital. Save for the absence of military honors the prince's entry to the capital was invested with as much ceremony as that which made memorable the greeting to the Prussian prince several years ago. It was the busiest day Prince Louis has spent since he arrived off Annapolis Wednesday.

### Met the British Officers.

Captain Gherardi and Rear Admiral Evans were at the gateway to welcome the Britishers. Captain Gherardi escorted the prince and commanding officers to his cabin where they were joined by Rear Admiral Davis, commander of the Second division of battleships; Rear Admiral Brownson, commander of the new armored cruiser division, and Captain Pillsbury, chief of staff. The Yankton soon weighed anchor and, flying the pennants of the British and American admirals, steamed up the harbor to Annapolis.

Admiral Sands greeted the prince at the boat landing and escorted the party to carriages which took them across town to the special train that conveyed the party to Washington, reaching here at 11:54 a. m. The party entered carriages and drove to the British embassy.

Shortly before 3 p. m. Prince Louis and his staff and Sir Mortimer Durand arrived at the White House. The party was met at the main entrance by the president's military and naval aides and escorted to the blue room, where a distinguished company awaited their arrival. In a few moments the great carved wood doors swung open and the president and Mrs. Roosevelt entered. The prince was presented by Sir Mortimer Durand and the former formally delivered the royal message to the president. The prince then presented the members of his staff and the commanding officers of his squadron. Both the president and Mrs. Roosevelt were markedly cordial in their welcome, the president hoping that every moment of the visiting British squadron in American waters would prove enjoyable to them. The prince and president then entered into an earnest talk about the various problems of a modern navy. The reception lasted about an hour.

### Lucky Escape for a Train.

St. Louis, Nov. 4.—Speeding along at twenty-five miles an hour a Missouri Pacific passenger train struck and demolished a wagon containing 2,000 pounds of dynamite at the Spring avenue crossing, killing the mule attached to the vehicle. There was no explosion.

### PANIC AMONG FACTORY GIRLS.

Fire Destroys Paper Box Factory in New York City.

New York, Nov. 4.—Two hundred and fifty girls at work in Frederick Hap's paper box factory at King and Greenwich streets were thrown into a panic at night by a fire which completely destroyed the building.

So quickly did the flames spread that less than fifty of the young women had time to get out by the stairs. The rest were rescued by firemen, who carried them down ladders to the street. All escaped unhurt. The total damage was estimated at \$140,000.

### Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.
